

ALERT !!!

DARWIN'S "EVOLUTION THEORY"
AQEEDAH IN DANGER

ALERT !!!

NOW IN OUR SCHOOLS

In the wake of the recent announcement by the Department of Education to incorporate Darwin's Theory of Evolution from 2008 in grade 10 to 12 curriculum, Muslim parents should be alert to the possible danger their children may face to their Aqeedah and belief system.

Although the department has not made it a compulsory subject, i.e. Life Sciences under which the evolution module will be taught, it is however imperative that Muslim parents and learners are not ignorant about it. There is always the possibility that unwary Muslim pupils may be exposed to this totally un-Islamic evolution theory.

In essence, Darwin's theory espouses among others the following:

- Denial of the existence of a Creator that created man and other organisms
- Man evolved over centuries from an ape/primate into a homosapien/human being
- Man is a "specie of animal" and must struggle through life to survive for the survival of the fittest
- The philosophy of crass materialism and the denial of the existence of God, religion and spiritual life.

Undoubtedly, Darwin's theory denies the existence of Allah Ta'ala - our Creator and Sustainer.

Furthermore, it denies the very basic and fundamental belief of Islam, that Allah Ta'ala created and immaculately fashioned the universe and all living things.

The evolution theory has been refuted and debunked by Islamic scholars and even scientists in every era. Scores of books and articles have been written on this subject.

One of our great scholars when asked to refute Darwin's evolution theory replied, that it was so fallacious that a response was unnecessary. "Every person has the right to be proud of his ancestry. Darwin has discovered who his ancestors were (the apes), so let him be proud of his ancestors. Our ancestor is Hazrat Adam (AS). We are proud of our ancestry."

N.B. Muslims are dutibound to raise their voice of objection to this disturbing development. Please write and fax (012 323 5837) or email (hindle.d@doe.gov.za) your objections to the Dept. of Education.
